Cherry Dessert Salad

Cherries are the goodness of summer, and they can be eaten anytime if they're properly preserved. Like, say, in cherry pie filling...

- 1 can premium quality cherry pie filling*
- 1 can (15 oz) sweetened condensed milk*
- 1 can (15 oz) pineapple tidbits, well drained*
- 1 oz rum or bourbon*
- 4-5 oz Kool-Whip topping, thawed*
- 1 cup chopped pecans*
- 1 cup miniature marshmallows, multicolor or white*

In a large mixing bowl, gently combine pie filling and condensed milk by folding with a large rubber spatula. Fold in the pineapple. Pour the rum over the fruit mix, then fold in the Kool-Whip. Don't over-mix at this point!

Fill a clear bowl of about 3 qt capacity with the mixture, cover and chill for at least two hours. Just before serving, fold in the pecans and marshmallows.

Yield: Eight to twelve servings

Preparation time: 15 minutes

Chilling time: At least 2 hours
